

**SMART INVESTING CLEAR CONSCIENCE**

# TEANE GLOBAL ANCHOR FUND

## Own the Arteries of Global Trade

*The world doesn't stop moving. Cargo never sleeps. Trade never waits.*

Every phone, every car, every medicine box — it all moves through global arteries. Ships across oceans. Planes across skies. Logistics tying it together.

**TEANE Global Anchor Fund** lets you own those arteries — the halal way.

This isn't a trade. This isn't a trend.  
This is ownership of the systems the world cannot function without.

***Anchored in MAERSK, a global logistics powerhouse moving goods by sea and air, this fund gives long-term investors access to the heartbeat of global commerce.***

## **Why This Hits Different**

**Most investors chase what's hot. Smart investors own what's essential.**

When markets panic, trade still flows.  
When headlines change, cargo still moves.  
When supply chains shift, MAERSK adapts.

**That's what makes this an anchor!**

## **Pick Your Long Game**
